Dear Sir/Madam,

Sub: Investor Presentation Q3 & 9M FY 2019

We wish to inform the Exchange(s) that the Company is making an investor presentation with respect to the third Quarter and nine months ended 31st December, 2018 as enclosed with this letter today.

Please take on record.

Yours faithfully,
For Saksoft Limited

S.Muthukrishnan
Company Secretary

SAKSOFT LIMITED

INVESTOR PRESENTATION – FEBRUARY 2019

info@saksoft.com | www.saksoft.com

This presentation and the accompanying slides (the “Presentation”), which have been prepared by **Saksoft Limited** (the “Company”), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment what so ever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded

Certain matters discussed in this Presentation may contain statements regarding the Company’s market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and world-wide, competition, the company’s ability to successfully implement its strategy, the Company’s future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company’s market preferences and its exposure to market risks, as well as other risks. The Company’s actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third party statements and projections.

Management Team

Board of Directors

Aditya Krishna
CMD – Saksoft

Aditya Krishna, the Founder, Chairman and the Managing Director of the Saksoft Group, spearheads Saksoft's growth across domains and geographies.

He brings with him over 30 years of experience in the banking and financial services industry.

After a long career with Chase Manhattan Bank in New York and later with Citibank, New York, he relocated to India in 1990 as part of a four-member team to establish Citibank's credit card business in the country and was also instrumental in developing the in-house software to run credit card operations. Aditya founded Saksoft in 1999 and drives the business development efforts.

Amitava Mukherjee, Independent Non-Executive Director

Amitava Mukherjee has over 33 years of rich and varied experience in the corporate sector. Amit spent a large part of his investment banking career at Lazards, a global Wall Street Firm, where he was a managing director and member of the executive management board.

Ajit Thomas, Independent Non-Executive Director

Ajit Thomas is the Chairman of A.V. Thomas Group of Companies, an Agri Business Enterprise founded in 1925, with interests in plantations, tea retail, spice processing, natural extracts, and leather goods.

VVR Babu, Independent Non-Executive Director

Mr. Babu has Master of Science, Applied Mathematics and Operations Research from National Institute of Technology Warangal, Master of Philosophy, Computer Science from Central University of Hyderabad, Executive Development Program, Business Administration and Management from Harvard Business School.

Kanika Krishna, Non-Executive Director

Kanika Krishna has an MBA in Financial Management from Pace University, New York, USA. Prior to this she has completed the Master's program in International Business from the Manchester Business School, UK. She is also an alumna of Stella Maris College, Chennai where she completed her Bachelor of commerce degree.

Transformation Drivers at Saksoft

Transformation Drivers

Aditya Krishna
Chairman & Managing Director

Over 25 years of experience in Banking & Financial Sector. Part of a 4 member team to establish Citibank's Credit Card business and developing in-house software to run credit card operations in the country.

Niraj Kumar Ganeriwal
Chief Financial Officer

Chartered Accountant with over 15 years of experience. Has also worked with in the pharma industry, as Finance Controller and has gained expertise in varied fields of finance and was responsible for corporate planning and strategy.

T S Balaji
SVP – Business Growth

Over 27 years of experience in IT services with special focus on Telecom domain. Prior to joining Saksoft, Balaji served as Global Portfolio Head for Network Services at Tech Mahindra.

Dhiraj Mangla
EVP & Global Delivery Head

Over 18 years of experience in IT industry and has been successful in delivering a large portfolio of projects. He has extensive experience working with clients across multiple sectors and in different geographies

Gopakumar Kavunkal
SVP & Global Head - IM

Over 2 decades of experience in global outsourcing business including Sales, Strategic Business & Technology Planning, Global Sourcing, Contract Negotiations & Business Process Transformation. Held leadership roles at Quadrant 4 and Mascon Global both in India and abroad.

Bhaskar Narayanan
VP – APAC Sales

Over 18 years of experience in Business Development, Account Management and Operations Management. He has worked across various roles in the Engineering, and IT Services industries. A key member of the marketing team helping Saksoft move into the next phase as a digital transformation partner.

Transformation Drivers

Sanchit Jain
CEO – DreamOrbit

Bachelor’s degree in Electronics and Communication Engineering from the Indian Institute of Technology, Roorkee. Before co-founding DreamOrbit, Sanchit worked with Tata Consultancy Services, Aditi Technologies and CircleSource.

Abhishek Porwal
President & CTO, DreamOrbit

Heads the Center of Excellence of Agile at DreamOrbit. His strength is developing strategy, planning and execution of expertise led Delivery Excellence. He plays a significant role in developing and scaling the value.

Vivek Srivastav
Director – Testing Services

Over 16 years of experience in Quality Engineering. He brings hands on experience in building automation frameworks, QA transformations and establishing a Testing Centre of Excellence (TCoE).

Jonathan Eeley
Chief Commercial Officer, Acuma

A BI specialist who has consistently delivered strategic solutions to customers in the UK. With skills in almost all products and platforms in the Business Intelligence area, Jonathan has also architected acusend, Saksoft’s Information Distribution Platform.

Swaraj Dash
Director – Business Growth

Swaraj Dash heads the US Solution Sales at Saksoft. Swaraj has 16+ years of Sales and Business Development experience in markets like – USA, UK and Benelux region. Prior to joining Saksoft, Swaraj worked at Cognizant and Virtusa in both US and Europe in a Sales and Business Development capacity.

Avantika Krishna
Key Accounts Director

Avantika has over 10 years of experience in Business Development, Account Management and Human Resources Management. She holds a Master degree in HR from Kings College, London & MBA (Marketing & Management) from Fordham University, New York.

Creating value through acquisitions

History of Acquisitions

Saksoft acquired companies with Complementary Expertise, helping Scale Capabilities Faster, Widening the Competence Portfolio and Strengthening our Corporate Brand.

Company Acquired	Geography / Niche Area	Rationale
 acuma ^{IVM} <small>A SAKSOFT COMPANY</small>	UK Public Sector	IM focused company. Renowned name in the Public Sector.
	Noida Testing Focused	Independent Testing Company. Possesses ready-made frameworks and accelerators for target industry verticals with in-house state-of-the-art mobile device lab.
	Bangalore Blockchain, IoT & Logistics Focused	Specialized in IoT, adding enhanced capability in the application development space. Strong presence in the Transportation and Logistics industry, adding a new vertical to the group. Target market continues to be the US.
	Pune Healthcare & Drupal	A healthcare solutions provider in the US. The healthcare sector is fast growing with technologies getting more advanced when coupled with Analytics. The Company has ready-made frameworks and accelerators for the healthcare industry.

String of Pearls Strategy

Building Capabilities

Digital Focused Companies

Small Companies with Growth Potential

Our DreamOrbit Acquisition

Artificial Intelligence

We create chatbots for customers, which are AI-enabled and communicate through machine language.

Robotics Process Automation

A visit to a travel aggregator site provides hotel rates, ticket prices and room availability, among others, gathered from multiple websites. This robotic process automation allows data collection from different websites and corresponding presentation with the click of a mouse.

Blockchain Technology

This revolutionary concept is essentially a ledger on which one may participate to write but not edit. This enables individuals to create records that cannot be tampered. Saksoft leverages Blockchain technology to promote clarity along the order-to-delivery process for the Logistics industry.

Cloud

We work with Amazon Web Services and MS Azure and leading Cloud providers to develop and deploy Cloud-based software that is flexible and secure. The solutions consume less space and bandwidth coupled with high data integrity.

Internet of Things

The network of physical devices, vehicles, home appliances and other items are embedded with electronics, software, sensors, actuators and connectivity, which enables the exchange of data

Why DreamOrbit

Saksoft acquired DreamOrbit in December 2016. DreamOrbit was included in the Deloitte Technology Fast 50 list since 2014. The acquired company had grown to a critical mass (~US\$5 million) within a few years and needed to double its growth rate. Saksoft provided the acquired company with management bandwidth, larger on-field sales force and financial support. Saksoft quadrupled the dedicated US sales team for DreamOrbit, winning new accounts; its sales teams in London and Singapore helped DreamOrbit bag accounts in these uncharted territories.

Key Highlights

Our recent acquisition Dream Orbit focuses on a product engineering company that develops software solutions. We act as the front-end to understand customer needs and our solutions extend across the value chain: from development and deployment to providing support and maintenance. The acquisition has enabled us build IoT capabilities in the logistics sector and provide innovative solutions for customers.

Our Faichi Acquisition

Why Faichi

Faichi Solutions LLC, a Healthcare-focused start-up providing outsourced product engineering, open source development and Drupal development consulting services, was founded in 2011 in Sunnyvale, California. Effective January 2018, Faichi Solutions LLC became a subsidiary of Saksoft. Within a few years of commencing operations, Faichi Solutions specialized in the development and integration of enterprise products and web applications. The Company's competence is reflected in that it released 40 products and 70 web cum mobile apps in collaboration with customers. Its primary competence in healthcare technologies encompasses the value chain - from service providers to life science organizations. Its accelerator and healthcare solutions empower customers in expediting innovative product development. Faichi offers a wide array of healthcare technology services including product development, integration, meaningful use compliance, BI/analytics, chronic care management and consumer health.

Key Highlights

Healthcare is a significant industry in the US and the country's per capita healthcare spending of around US\$10,724 is the highest in the world. The sector is emerging as an increasingly attractive space from the perspective of technological services and product engineering. Saksoft's acquisition of Faichi will widen its US footprint, leveraging the acquired company's deep understanding of the American healthcare ecosystem (patients, service providers and hospitals).

Case Study

FHIR

Designed a secure mobile platform that provides consumers with the necessary tools for aggregating, organizing and sharing their medical health records. Built a framework for downloading data from the Electronic Medical Records using FHIR.

Telehealth

For a healthcare provider, Faichi designed a workflow between the Insurance & healthcare platforms. Leveraging MIRTH Connect developed RESTful API's on the telehealth platform.

Financial Highlights

Continued Growth Momentum

Strong Performance

- ✓ Achieved **92%** of Revenues in 9MFY19 as compared to full year FY18
- ✓ Surpassed the FY18 EBITDA on account of higher revenues and operating leverage; EBITDA margin **expanded by 232 bps** in 9MFY19 when compared to 9MFY18
- ✓ Surpassed FY18 profitability of Rs. 24Crs in 9MFY19; **Rs. 28 Crs** Profit after tax achieved in 9MFY19
- ✓ PAT Margins for 9MFY19 stood at **10.4%** v/s 8.11% in 9MFY18, an increase of **232 bps** when compared to 9MFY18

| Strategy for growth

Our Focused Strategy for Growth

Focus on Emerging sectors

Addressing the sweep of digitisation to help clients enhance operational efficiency

Inch-wide and mile-deep strategy

Addressing target markets with services that differentiate from competition and emerging as one of the fastest-growing and most profitable across our verticals

Being Nimble

We are a mid-tier company with few decision making layers, enhancing our agility

Building A Strong Team

By building high performance teams focused on sustainable growth

Consolidating Front-End

Consolidating marketing front-end to reach more clients, accounts, trades and systems with the objective to squeeze growth from our platforms at minimal costs

String of Pearls' strategy

Engage in business complementing M&As that constitute a 'string of pearls' strategy that enhances our competence immediately following acquisition without corresponding gestation

Value over volume

Address unoccupied territories represented by projects with higher profitability

Conversation with the Technology Drivers at Saksoft

FINTECH

We developed a solution called 'Card-less ATM withdrawal', which allows someone to transfer a sum of money by generating a four-digit PIN and the other party to withdraw the same amount without using an ATM card

TRANSPORTATION & LOGISTICS

We are working with more than 35 premier American Logistics companies. With over 8 years of experience and strengthening our understanding of freight and fleet management, the sector is growing at a fast clip of 20% + annually

RETAIL/ECOMMERCE

We have bagged prestigious clients, including a large US outdoor equipment e-tailer engaged in the sale of mountaineering and sports gear in addition to a high-fashion e-commerce player

HEALTHCARE

Via Faichi, we have worked on a project called 'Create Aware', where we provide wearable devices in exchange for collecting health statistics that are transmitted to our servers that represents adequate round-the-clock data to medical practitioners and R&D labs in treating specific conditions or develop new therapies

TELECOM

One of our key customers in this space is based out of the Europe. Saksoft has been one of its largest independent vendor for ten years, strengthening their business and revenues

PUBLIC SECTOR
