DIRECTORS' STATEMENT
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

The directors are pleased to present their statement to the member together with the audited financial statements of Saksoft Pte Limited (the Company) for financial the year ended 31 March 2025.

Opinion of the directors

In the opinion of the directors,

- (a) the financial statements of the Company are drawn up so as to give a true and fair view of the financial position of the Company as at 31 March 2025 and the financial performance, changes in equity and cash flows of the Company for the financial year then ended; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

Directors

The directors of the Company in office at the date of this report are: -

Aditya Krishna
Ganeriwala Niraj Kumar
Bharaneetharan Udayabaskaran

Arrangements to enable directors to acquire shares or debentures:
Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of the Company or any other body corporate.

Directors' interest in shares or debentures:

According to the register of directors' shareholdings kept by the Company under section 164 of the Singapore Companies Act 1967 (the "Act"), the directors of the Company who held office at the end of the financial period had no interests in the shares or debentures of the Company and its related corporations except as stated below:

Name of Directors	Number of Shares	
	At the beginning of the year	At the end of the year
The Company		
Aditya Krishna	1	1
Holding Company: Saksoft Limited, India		
Shares Rs: 1 each		
Aditya Krishna	22,186,400	27,783,000
Ganeriwala Niraj Kumar	975,855	1,607,318

SAKSOFT PTE LIMITED
(Incorporated in the Republic of Singapore)

DIRECTORS' STATEMENT (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

Share options:

There were no share options granted during the financial year to subscribe for unissued shares of the Company.

There were no shares issued during the financial year by virtue of the exercise of options to take up unissued shares of the Company.

There were no unissued shares of the Company under option at the end of the financial year

Auditors

MGI N Rajan Associates has expressed its willingness to accept re-appointment as auditor.

On behalf of the Board of Directors,

Aditya Krishna
Director

Ganeriwala Niraj Kumar
Director

**INDEPENDENT AUDITOR'S REPORT
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025**

INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF SAKSOFT PTE LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Saksoft Pte Limited. (the "Company"), which comprise the statement of financial position as at 31 March 2025, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows of the Company for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the provisions of the Companies Act 1967 (the Act) and Financial Reporting Standards in Singapore (FRSs) so as to give a true and fair view of the financial position of the Company as at 31 March 2025 and of the financial performance, changes in equity and cash flows of the Company for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority (ACRA) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information comprises the Directors' Statement [set out on pages 2 to 3].

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

SAKSOFT PTE LIMITED

**INDEPENDENT AUDITOR'S REPORT (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025**

Responsibilities of Management and Directors for the Financial Statements cont'd...

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high-level assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

SAKSOFT PTE LIMITED
(Incorporated in the Republic of Singapore)

INDEPENDENT AUDITOR'S REPORT (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

Auditor's Responsibilities for the Audit of the Financial Statements cont'd...

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

SAKSOFT PTE LIMITED
(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. GENERAL INFORMATION

Saksoft Pte Limited. (the "Company") is incorporated and domiciled in Singapore with its registered office at 10 Jalan Besar, #10-12 Sim Lim Tower, Singapore 208787.

The principal activities of the Company are providing Information technology services providing support services to customers viz Consulting, Design, Custom Application development, RaaS, BI & DW Services, Systems integration, Implementation, Assurance and Placement services. There have been no significant changes in the nature of these activities during the financial year.

The immediate and ultimate holding Company is **SAKSOFT LIMITED**, which is incorporated in India.

2. MATERIAL ACCOUNTING POLICY INFORMATION

2.1 Basis of preparation

The financial statements of the Company have been drawn up in accordance with Singapore Financial Reporting Standards ("FRS"). The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Singapore Dollars (S\$), which is the Company's functional currency.

2.2 Adoption of new and revised standards

The accounting policies adopted are consistent with those of the previous financial year except in the current financial year, the Company has adopted all the new and revised standards which are relevant to the Company and are effective for annual financial periods beginning on 1 April 2024. The adoption of these standards did not have any material effect on the financial performance or position of the Company.

2.3 Standards issued but not yet effective

The Company has not adopted the following standards applicable to the Company that have been issued but not yet effective:

Description	Effective for annual periods beginning on or after
Amendments to FRS 21 The effects of changes in Foreign Exchange Rates: Lack of Exchangeability	1 January 2025
Amendments to FRS 109 Financial instruments and FRS 107 Financial instruments: Disclosures: Amendments to the Classification and Measurement of Financial instruments	1 January 2026
Annual Improvements to FRSs Volume 11	1 January 2026

SAKSOFT PTE LIMITED
(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

2. MATERIAL ACCOUNTING POLICY INFORMATION CONT'D....

2.3 Standards issued but not yet effective cont'd...

Description	Effective for annual periods beginning on or after
FRS 118 Presentation and Disclosure in Financial Statements	1 January 2027
FRS 119 Subsidiaries without Public Accountability: Disclosures	1 January 2027
Amendments to FRS 110 Consolidated Financial Statements and FRS 28 Investments in Associates and Joint Ventures: Sale or Contribution of Assets between an investor and its Associate or Joint Venture	Date to be determined

The directors expect that the adoption of the standards above will have no material impact on the financial statements in the year of initial application

2.4 Revenue recognition

Revenue is measured based on the consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognized when the Company satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognized is the amount allocated to the satisfied performance obligation.

Income from services

The Company is primarily engaged in providing Information technology services providing support services to customers viz Consulting, Design, Custom Application development, RaaS, BI & DW Services, Systems integration, Implementation, Assurance and Placement services.

The Company recognized revenue at over time for is projects.

Revenue from time and material services recognised on time spent on the project.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

2. MATERIAL ACCOUNTING POLICY INFORMATION CONT'D....

2.4 Revenue recognition cont'd...

The Company uses the percentage of completion method in accounting for its fixed price contracts. Use of the percentage of completion method requires the Company to estimate the efforts or costs expended to date as a proportion of the estimated total efforts or costs to be expended, as applicable. Provisions for estimated losses, if any, on incomplete contracts are recorded in the period in which such losses become probable based on the estimates at the reporting date.

The Company principally operates fixed price contracts. Revenue is recognised when control over the products has been transferred to the customer over time, by reference to the stage of completion of the contract activity at the end of the reporting period (the percentage of completion method).

In applying the percentage of completion method, revenue recognised corresponds to the total project revenue (as defined below) multiplied by the actual completion rate based on the proportion of total contract costs (as defined below) incurred to date and the estimated costs to complete.

For products whereby the Company does not have an enforceable right to payment for performance completed to date, revenue is recognised when the customer obtains control of the asset.

Progress billings to the customers are based on a payment schedule in the contract and are typically triggered upon achievement of specified construction milestones. A contract asset is recognised when the Company has performed under the contract but has not yet billed the customer. Conversely, a contract liability is recognised when the Company has not yet performed under the contract but has received advanced payments from the customer. Contract assets are transferred to receivables when the rights to consideration become unconditional. Contract liabilities are recognised as revenue as the company performs under the contract.

Incremental costs of obtaining a contract are capitalised if these costs are recoverable. Costs to fulfil a contract are capitalised if the costs relate directly to the contract, generate or enhance resources used in satisfying the contract and are expected to be recovered. Other contract costs are expensed as incurred.

Capitalised contract costs are subsequently amortised on a systematic basis as the Company recognises the related revenue. An impairment loss is recognised in profit or loss to the extent that the carrying amount of the capitalised contract costs exceeds the remaining amount of consideration that the Company expects to receive in exchange for the goods or services to which the contract costs relate less the costs that relate directly to providing the goods and that have not been recognised as expenses.

Dividend income

Dividend income is recognized when the right to receive payment is established.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

2. MATERIAL ACCOUNTING POLICY INFORMATION CONT'D....

2.5 Plant and equipment

All items of plant and equipment are initially recorded at cost. Subsequent to recognition, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses. The cost of plant and equipment includes its purchase price and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Dismantlement, removal or restoration costs are included as part of the cost of plant and equipment if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the, plant and equipment.

Depreciation is calculated using the straight-line method to allocate depreciable amounts over their estimated useful lives. The estimated useful lives are as follows:

Computers and accessories	5 years
Office equipment	5 years

Depreciation for whole year is provided in the year of the purchase and no depreciation is provided in the year of disposal.

The carrying values of plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The useful lives, residual values and depreciation method are reviewed at the end of each reporting period, and adjusted prospectively, if appropriate.

An item of plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on de-recognition of the asset is included in profit or loss in the year the asset is derecognised.

2.6 Impairment of non financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Company makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other asset or group of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognized in profit or loss

A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized previously. Such reversal is recognized in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

2. MATERIAL ACCOUNTING POLICY INFORMATION CONT'D....

2.7 Financial instruments

a) Financial assets

Initial recognition and measurement

Financial assets are recognised when, and only when the entity becomes party to the contractual provisions of the instruments.

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at FVPL, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

Subsequent measurement

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the contractual cash flow characteristics of the asset. The three measurement categories for classification of debt instruments are amortised cost, FVOCI and FVPL. The Company only has debt instruments at amortised cost.

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognized in profit or loss when the assets are derecognised or impaired, and through the amortisation process.

De-recognition

A financial asset is derecognised when the contractual right to receive cash flows from the asset has expired. On de-recognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received (and, where applicable, any cumulative gain or loss that has been recognised in other comprehensive income) is recognised in profit or loss.

b) Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial liabilities at initial recognition.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

2. MATERIAL ACCOUNTING POLICY INFORMATION CONT'D....

2.7 Financial instruments cont'd...

b) Financial liabilities cont'd...

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

2.8 Impairment of financial assets

The Company recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at FVPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

For trade receivables, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment which could affect debtors' ability to pay.

The Company considers a financial asset in default when contractual payments are 180 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

2.9 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

2. MATERIAL ACCOUNTING POLICY INFORMATION CONT'D....

2.9 Provisions cont'd...

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

2.10 Cash and cash equivalents

Cash and cash equivalents comprise cash at banks is subject to an insignificant risk of changes in value.

2.11 Foreign currency translation and balances

Transactions in foreign currencies are measured in the functional currency of the Company and are recorded on initial recognition in the functional currency at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the reporting date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the reporting period are recognised in profit or loss.

2.12 Taxes

a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authority. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

2. MATERIAL ACCOUNTING POLICY INFORMATION CONT'D....

2.12 Taxes cont'd...

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current income tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

C} Sales tax

Revenues, expenses and assets are recognized net of the amount of sales tax except:

-where the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the sales tax is recognized as part of the cost of acquisition of the asset or as part of the expense item as applicable, and

- Receivables and payables that are stated with the amount of sales tax included.

2.13 Employee benefits

(a) Defined contribution plans

The company contributes to the to the Central Provident Fund ("CPF"), a defined contribution plan regulated and managed by the Government of Singapore, which applies to the majority of the employees. The company's contributions to CPF are charged to the profit and loss account in the period to which the contributions relate.

(a) Employee leave entitlements

Employee entitlements to annual leave are recognized when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the reporting date.

2.14 Share capital

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

2. MATERIAL ACCOUNTING POLICY INFORMATION CONT'D....

2.15 Related party

A related party is defined as follows:

- A} A person or a close member of that person's family is related to the Company if that person;
- (i) Has control or joint over the Company;
 - (ii) Has significant influence over the Company; or
 - (iii) Is a member of the key management personnel of the Company or of parent of the Company.
- b) An entity is related to the Company if any of the following conditions applies:
- (i) The entity and the Company are members of the same Company (which means that each parent, subsidiary and fellow subsidiary is related to the others)
 - (ii) One entity is an associate or joint venture of the other entity
 - (iii) Both entities are joint ventures of the same party
 - (iv) One entity is a joint venture of a third party and other entity is an associate of the third party.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Company or a or an entity related to the Company. If the Company is itself such a plan, the sponsoring employers are also related to the Company.
 - (vi) The entity is controlled or joint controlled by a person identified in (a)
 - (viii) A person identified in (a) (i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity)
 - (ix) The entity, or any member of a group of which it is a part, provides key management personnel services to the reporting entity or to the parent of the reporting entity.

2.16 Subsidiaries

Subsidiaries are entities over which the Company has power to govern the financial and economic policies generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Company controls another entity.

Investments in the subsidiaries are stated in the financial statements of the Company at cost less impairments losses. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount.

The subsidiaries' results have not been consolidated as the Company is itself a wholly owned subsidiary of another Company SAKSOFT LIMITED, INDIA which publishes the consolidated financial statements and the registered address Global Infocity Park, Block A, 2nd Floor, 40 MGR Salai Perungudi, Kandanchavadi, Chennai 600 096, India.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

3. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

3.1 Judgments made in applying accounting policies

Determination of functional currency

In determining the functional currency of the Company, judgment is used by the Company to determine the currency of the primary economic environment in which the Company operates. Consideration factors include the currency that mainly influences sales prices of goods and services and the currency of the country whose competitive forces and regulations mainly determines the sales prices of its goods and services.

Income from services

For the financial year ended 31 March 2025, the Company recognised fixed bid project revenue of S\$5,727,334 (2024: S\$ 4,455,349) and the carrying amounts of contract assets and contract liabilities arising from these projects as at 31 March 2025 amounted to S\$582,066 and S\$1,400,629 (31 March 2024: S\$261,025 and S\$583,704) respectively. The Company recognised revenue from project contracts using the input method that reflect the overtime transfer of control to its customers, which is measured by reference to the Company's progress towards completing the performance obligation on the contract. The measure of progress is determined by reference to the contract costs incurred to date as a percentage of the total estimated costs for each contract. The carrying amounts of assets and liabilities arising from contracts at the end of each reporting period are disclosed in Note 11 and 13 to the financial statements.

3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Provision for expected credit losses of trade receivables

The Company uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

The provision matrix is initially based on the Company's historical observed default rates. The Company will calibrate the matrix to adjust historical credit loss experience with forward-looking information. At every reporting date, historical default rates are updated and changes in the forward-looking estimates are analysed.

SAKSOFT PTE LIMITED
(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

3. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES CONT'D...

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Company's trade receivables is disclosed in Note 11.

The carrying amounts of the Company's trade receivables as at 31 March 2025 were S\$ 2,585,986 (2024: S\$ 2,246,852).

4. REVENUE

	Income from services	
	2025	2024
Revenue	S\$	S\$
Revenue from support services-time and material	4,334,702	5,494,453
Revenue from fixed bid project	5,727,334	4,455,349
Revenue from License sales	-	42,000
Revenue from Cloud space services	62,008	102,535
Sale of services	10,124,044	10,094,337
Timing of transfer of goods and services	2025	2024
	S\$	S\$
Over time	10,124,044	10,052,337
Point in time	-	42,000
	10,124,044	10,094,337

(a) Recognition of project revenue over time

For the project revenue where the Company satisfies its performance obligations over time, management has determined that a cost-based input method provides a faithful depiction of the Company's performance in transferring control to the customers, as it reflects the Company's efforts incurred to date relative to the total inputs expected to be incurred for the projects. The measure of progress is based on the labour man hours expended to date as a proportion of total labour man hours expected to be incurred up to the satisfaction of performance obligation.

The determination of actual labour man hours expended towards satisfaction of performance obligations and remaining labour man hours that will be expended for the satisfaction of performance obligations of each contract requires significant management judgement and estimation. The management relies on past experience and knowledge of the project engineers to make estimates of the labour man hours to be expended. In making these, estimates, management takes in to consideration the historical trends of the labour man hours expended on other similar projects in the past.

	<u>1,996,693</u>	<u>3,070,577</u>

The loan is denominated in GBP and during the year the company has (repaid)/obtained of GBP (651,000) (2023: GBP (200,000)) to related company.

16. SHARE CAPITAL

	No. of shares		Amount in S\$	
	2025	2024	2025	2024
Issued & fully paid-up ordinary shares	555,002	555,002	555,002	555,002
At 01 April and 31 March	<u>555,002</u>	<u>555,002</u>	<u>555,002</u>	<u>555,002</u>

The holders of ordinary shares are entitled to receive dividends as and when declared by the Company. All ordinary shares carry one vote per share without restrictions. The ordinary shares have no par value.

17. CAPITAL MANAGEMENT

The Company's objective when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for its shareholder and benefits for other stakeholders and to maintain an optional capital structure to reduce the cost of capital.

The Company monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including trade and other payables as shown in the statement of financial position) less cash and cash equivalents. Total capital is calculated as total equity, as shown in the statement of financial position, plus net debts.

No specific gearing ratio has been determined by management with the overall objective to keep the ratio as low as possible and such policy has not been changed since the previous financial year.

SAKSOFT PTE LIMITED
(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

17. CAPITAL MANAGEMENT CONT'D...

The gearing ratio at 31 March 2025 and 2024 were as follows:

	2025 S\$	2024 S\$
Total liabilities (excludes income tax payable and contract liabilities)	3,736,394	4,481,986
Less: Cash and cash equivalents	(506,106)	(601,251)
Net debt	3,230,288	3,880,735
Total equity	2,727,374	2,364,303
Total capital	5,957,662	6,245,038
Gearing ratio	54%	62%

18. FINANCIAL RISK MANAGEMENT

The Company's activities expose it to a variety of financial risks from its operation. The key financial risks include credit risk, liquidity risk and market risk (including foreign currency risk and interest rate risk).

The Board of Directors reviews and agrees policies and procedures for the management of these risks, which are executed by the management team. It is, and has been throughout the current and previous financial year, the Company's policy that no trading in derivatives for speculative purposes shall be undertaken.

The following sections provide details regarding the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

There has been no change to the Company's exposure to these financial risks or the manner in which it manages and measures the risks.

(a) Market risk

i) Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in a loss to the Company. The Company's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including cash), the Company minimises credit risk by dealing exclusively with high credit rating counterparties.

The Company has adopted a policy of only dealing with creditworthy counterparties. The Company performs ongoing credit evaluation of its counterparties' financial condition and generally do not require a collateral.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

18. FINANCIAL RISK MANAGEMENT CONT'D...

i) Credit risk cont'd...

The Company has determined the default event on a financial asset to be when internal and/or external information indicates that the financial asset is unlikely to be received, which could include default of contractual payments due for more than 90 days or there is significant difficulty of the counterparty.

To minimise credit risk, the Company has developed and maintained the Company's credit risk gradings to categorise exposures according to their degree of risk of default. The credit rating information is supplied by publicly available financial information and the Company's own trading records to rate its major customers and other debtors. The Company considers available reasonable and supportive forward-looking information which includes the following indicators:

- Internal credit rating
- External credit rating
- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the debtor's ability to meet its obligations
- Actual or expected significant changes in the operating results of the debtor
- Significant increases in credit risk on other financial instruments of the same debtor
- Significant changes in the expected performance and behaviour of the debtor, including changes in the payment status of debtors in the group and changes in the operating results of the debtor.

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 30 days past due in making contractual payment.

The Company determined that its financial assets are credit-impaired when:

- There is significant difficulty of the debtor
- A breach of contract, such as a default or past due event
- It is becoming probable that the debtor will enter bankruptcy or other financial reorganisation
- There is a disappearance of an active market for that financial asset because of financial difficulty

The Company categorises a receivable for potential write-off when a debtor fails to make contractual payments more than 365 days past due. Financial assets are written off when there is evidence indicating that the debtor is in severe financial difficulty and the debtor has no realistic prospect of recovery.

SAKSOFT PTE LIMITED
(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

18. FINANCIAL RISK MANAGEMENT CONT'D...

i) Credit risk cont'd...

The Company's current credit risk grading framework comprises the following categories:

Category	Definition of category	Basis for recognising expected credit loss (ECL)
I	Counterparty has a low risk of default and does not have any past-due amounts.	12-month ECL
II	Amount is >30 days past due or there has been a significant increase in credit risk since initial recognition.	Lifetime ECL – not credit-impaired
III	Amount is >60 days past due or there is evidence indicating the asset is credit-impaired (in default).	Lifetime ECL – credit-impaired
IV	There is evidence indicating that the debtor is in severe financial difficulty and the debtor has no realistic prospect of recovery.	Amount is written off

The table below details the credit quality of the Company's financial assets, as well as maximum exposure to credit risk by credit risk rating categories:

Financial assets are written off when there is evidence indicating that the debtor is in severe financial difficulty and the debtor has no realistic prospect of recovery.

	Note	Category	12-month or lifetime ECL	Gross carrying amount SGD	Loss allowance SGD	Net carrying amount SGD
31 March 2025						
Trade receivables	11	Note 1	Lifetime ECL (simplified)	2,585,986	-	2,585,986
Contract assets	11	Note 1	Lifetime ECL (simplified)	582,066	-	582,066
Other receivables	11	1	12-month ECL	68,000	-	68,000
					-	

SAKSOFT PTE LIMITED
(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

18. FINANCIAL RISK MANAGEMENT CONT'D...

i) Credit risk cont'd...

	Note	Category	12-month or lifetime ECL	Gross carrying amount SGD	Loss allowance SGD	Net carrying amount SGD
31 March 2024						
Trade receivables	11	Note 1	Lifetime ECL (simplified)	2,246,852	-	2,246,852
Contract assets	11	Note 1	Lifetime ECL (simplified)	261,025	-	261,025
Other receivables	11	1	12-month ECL	170,415	-	170,415
					-	

Trade receivables (Note 1)

For trade receivables, the Company has applied the simplified approach in FRS 109 to measure the loss allowance at lifetime ECL. The Company determines the ECL by using provision matrix, estimated based on historical credit loss experience based on the past due status of the debtors, adjusted as appropriate to reflect current conditions and estimates of future economic conditions. The Company has not provided any lifetime expected credit losses ("ECL") for trade receivables as based on the Company's historical trend and forward-looking analysis as ECL loss is not material.

The Company believes that all receivables are collectible based on historical payment behaviors and creditworthiness of customers.

	Trade receivables						
	Days past due						
	Not due	past 0-30 days	31-60 days	61-90 days	Above 90 days	90	Total
31 March 2025							
ECL rate		S\$ 0%	S\$ 0%	S\$ 0%	S\$ 0%	S\$ 0%	S\$ 0%
Estimated total gross carrying amount at default	1,492,320	1,006,636	87,030	-	-	-	2,585,986
ECL	-	-	-	-	-	-	-
							<u>2,585,986</u>
31 March 2024							
ECL rate		S\$ 0%	S\$ 0%	S\$ 0%	S\$ 0%	S\$ 0%	S\$ 0%
Estimated total gross carrying amount at default	1,227,571	317,179	693,705	4,731	3,666	-	2,246,852
ECL	-	-	-	-	-	-	-
							<u>2,246,852</u>

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

18. FINANCIAL RISK MANAGEMENT CONT'D...

i) Credit risk cont'd...

For contract assets of S\$ 582,066 (2024: S\$ 261,025) ECL rate was determined to be insignificant by analyzing each individual project and hence no ECL was made in the books.

Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

Exposure of credit risk

The Company has no significant concentration of credit risk other than balances from one debtor amounting to S\$ 2,301,873 & S\$ 613,116 (2024: S\$ 2,099,786 & S\$ 111,762 from two debtors) of trade receivables and contract assets respectively. The Company has credit policies and procedures in place to minimize and mitigate its credit risk exposure.

Other receivables

The Company assessed the latest performance and financial position of the counterparties, adjusted for the future outlook of the industry in which the counterparties operate in, and concluded that there has been no significant increase in the credit risk since the initial recognition of the financial assets. Accordingly, the Company measured the impairment loss allowance using 12-month for opening balances and life time ECL and for the current balances which is insignificant.

ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate because of changes in market interest rates.

At the reporting date, the Company has no variable interest-bearing financial instruments, hence, is not exposed to any movements in market interest rates.

iii) Foreign currency risk

The Company's foreign exchange risk results mainly from cash flows from transactions denominated in foreign currencies. At present, the Company does not have any formal policy for hedging against currency risk. The Company ensures that the net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates, where necessary, to address short term imbalances.

The Company has transactional currency exposures arising from sales or purchases that are denominated in a currency other than the functional currency of the Company, primarily United States Dollar (USD) and GBP

SAKSOFT PTE LIMITED
(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2025

18. FINANCIAL RISK MANAGEMENT CONT'D...

iii) Foreign currency risk cont'd...

The Company's currency exposures to the USD and GBP at the reporting date was as follows:

	2025		2024	
	US\$	GBP	US\$	GBP
Financial assets				
Trade and other receivables	47,382	-	-	-
	47,382	-	-	-
Financial liabilities				
Trade and other payables	(90,825)	(440,806)	(1,074)	(262,299)
Due to a related company	-	(1,996,693)	-	(3,070,577)
	(90,825)	(2,437,499)	(1,074)	(3,332,876)
Currency exposures	(43,443)	(2,437,499)	(1,074)	(3,332,876)

A 5% strengthening of Singapore dollar against the foreign currency denominated balances as at the reporting date would increase /(decrease) profit or loss by the amounts shown below. This analysis assumes that all other variables remain constant.

	Profit or loss (after tax)	
	2025	2024
	S\$	S\$
United States dollar	1,803	45
GBP	101,156	138,314

A 5% weakening of Singapore dollar against the above currency would have had equal but opposite effect on the above currency to the amounts shown above, on the basis that all other variables remain constant.

ii) Liquidity risk

Liquidity risk refers to the risk that the Company will encounter difficulties in meeting its short-term obligations due to shortage of funds. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. It is managed by matching the payment and receipt cycles. The Company's operations are financed mainly through equity. The directors are satisfied that funds are available to finance the operations of the Company.

Analysis of financial instruments by remaining contractual maturities

18. FINANCIAL RISK MANAGEMENT CONT'D...

ii) Liquidity risk cont'd...

The table below summarises the maturity profile of the Company's financial liabilities at the reporting date based on contractual undiscounted repayment obligations.

Financial liabilities	Carrying amount S\$	Contractual cash flows S\$	2025	
			One year or less S\$	Two to five years S\$
Trade payables	973,782	973,782	973,782	-
Other payables	589,447	589,447	589,447	-
Due to a related company	1,996,693	1,996,693	1,302,191	694,502
Total undiscounted financial liabilities	3,559,922	3,559,922	2,865,420	694,502

Financial liabilities	Carrying amount S\$	Contractual cash flows S\$	2024	
			One year or less S\$	Two to five years S\$
Trade payables	859,892	859,892	859,892	-
Other payables	403,114	403,114	403,114	-
Due to a related company	3,070,577	3,070,577	1,791,880	1,278,697
Total undiscounted financial liabilities	4,333,583	4,333,583	3,054,886	1,278,697

19. FAIR VALUES

Cash and cash equivalents, other receivables and other payables

The carrying amounts of these balances approximate their fair values due to the short-term nature of these balances.

Trade receivables and payables

The carrying amounts of these receivables and payables (including trade balances due to holding and related companies) approximate their fair values as they are subject to normal trade credit terms.

Due to related company

The carrying amounts of due to related company approximate their fair values as they are subject to interest rates close to market rate of interests for similar arrangements with financial institutions.

	2025	2024
	S\$	S\$
Financial assets at amortised cost		
Trade receivables (note 11)	2,585,986	2,246,852
Other receivables (note 11)	68,000	170,415
Cash and cash equivalents (note 12)	506,106	601,251
Total financial assets measured at amortised cost	3,160,092	3,018,518
	2025	2024
	S\$	S\$
Financial liabilities measured at amortised cost		
Due to a related company (note 15)	1,996,693	3,070,577
Trade and other payables (note 14)	1,739,701	1,411,409
Less: GST	(176,472)	(148,403)
Total financial liabilities measured at amortized cost	3,559,922	4,333,583

21. SIGNIFICANT RELATED PARTY TRANSACTIONS

In addition to the related party information disclosed elsewhere in the financial statements, the following transactions with related parties took place at terms agreed between the parties during the financial year.

Company		Amount of transaction	
Nature of transaction	Nature of Relationship	2025	2024
		S\$	S\$
Professional fees	Holding company	224,810	144,203
Professional fees	Subsidiary	409,026	-
Professional fees	Step-down subsidiary	139,832	-
Professional fees	Group company	173,359	73,468
Finance cost	Group company	180,972	223,951
Loan (repaid)/received	Group company	(1,073,884)	(346,859)
Contingency	Director	-	899,998
consideration paid			
Salary cost-ESOP	Holding company	12,179	35,474

22. COMPARATIVES

Certain corresponding figures for the year ended 31 March 2024 in the statement of cash flows have been reclassified in order to conform to the presentation for the current year. These changes have been made to improve the quality of information presented. Such reclassification does not affect previously reported profit total comprehensive income, total equity and in the statement of financial position.
